TECH STOCK RISING

Dartmouth Picked to Win, Bowdoin for Second and Tech for Third Place

The twenty-third annual track meet of the New England Intercollegiate Athletic Association will be held at the Field, Friday and Saturday. Trial heats will be held Friday and finals on Saturday. Without doubt Dartmouth will be the winner. Bowdoin seems to have the best chance for second place, which they secured last year by one point over Technology and Wesleyan. Tech has a good chance for third place, but will be hard pressed by Williams and Amherst.

The order of events for Friday, which begain at three o'clock are as follows: Track events; 440-yard run, 120-yard hurdles, 220-yard hurdles, 880-yard run; field events: putting the shot, running high jump, throwing the hammer, running broad jump, throwing the discus, and the pole vault.

The entries are as follows:

100-Yard Dash.

WELCOME COLLEGE VISITORS FRIDAY

Institute Committee Has Arranged Splendid Program

200 GUESTS EXPECTED

Participants in Intercollegiates Will be Entertained in the Tech Union

The Institute Committee has decided to throw open the Union to the visiting athletes and college men next Friday night after the preliminaries, from 8 to 9:30. This will be the first Tech "At Home," and it needs the support of every man at the Institute.

The committee has arranged to have stunts from the Show and numbers by the Musical Clubs and the Tech orchestra. The affair is to be informal, and it is given for the purpose of promoting good fellowship between the colleges of New England. Several colleges have been heard from, and between 150 and 200 guests are expected.

There will be no smoking in the main room on account of the athletes, but free cigarettes and beer will be provided in the side rooms. The managers of the visiting teams will be given free tickets to the Union. To defray the costs of the refreshments that will be served, a committee composed of H. Webb 1909, M. Flagg 1909, G. James 1910, H. Lockett 1910, L. C. Cooley 19 11, and M. B. Brownlee 1911, are selling admission tickets at 25 cents each. Tickets may also be secuured at the desk just inside the door of the Union. In order to give a hospitable welcome to the visiting college men all men at the Institute must buy tickets and come. This is a fine opportunity to show visitors the true meaning of "Tech hospitality."

2-Mile Run.

AMHERST—Burkett, Cranshaw, Rugg, West, Woodward, Westervelt. BOWDOIN—Colbath, Robinson, Slocum, Cary, Morss, Simmons. BROWN—Roper, Wells, Greene, Taber, Singsen, Blanchard. ISSUE NEW BOOK TO BOOM INSTITUTE

Alumni and Undergraduates Plan Publication to Attract Men

POINTS OF INTEREST

Hundred Page Book Will Display Bright Side of Tech Life to Possible Students

"Concerning the Institute of Technology" is the title of a book about to be published by a board of undergraduates and alumni.

A new and important period of Institute life is now beginning, and the purpose of this book is to arouse in the freshman and in the school boy, not yet at college, a better knowledge of Technology life and ideals. It is hoped that it will attract men to the Institute who now know nothing of that other side of Tech life which often appeals most to the school boy.

The growth and prominence of the Institute will be touched, and advice from the heads of the courses and practicing engineers will help men to choose rightly. The support of the alumni as well as their representation on Corporation and Faculty will be discussed. The various Institute activities will all be referred to in this attempt to give a new man a clearer and pleasanter conception of the place.

The book will contain about 100 pages and a few photographs. The cost will be met by advertisements and subscriptions. These advertisements will be of three classes, first of a very commercial nature, such as clothing and domestic firms, secondly of corporations in which Tech men are interested, and thirdly of the professional card of many graduates. These last two will give much interesting information as to what Tech men do in the world. The book will be spread through the country by the Alumni Organizations.

CO-OP REPORT

The M. I. T. Co-operative Society held its annual meeting for the election of officers, Friday, in the Tech Show office.

The Treasurer's report was read and accepted. It showed the society in a better financial condition than last year, as might be expected, for last year there was a slump in everything.

The following officers were lected: Pres., R. S. Breyer 1910; Vice-Pres., R. M. Toney 1910; Treasurer, A. D. Maclachlan 1896; Secretary, S. P. Kimball 1911.

The board of directors consists of the officers, the President of the Institute, P. D. Terry 1910, H. G. Jenles 1911.

The report for the year follows:

ALUMNI COMPLETE PLANS FOR REUNION

Member of Cabinet will Address Grand Alumni Banquet

SECURE LOW RATES

Technology Club of Philadelphia Will Hold Annual Field Day This Month

Three weeks more will bring us to the close of the Second All Technology Reunion. That hosts of loyal alumni will fill the city is evident from the fact that 200 are coming from New York, 100 from Chicago and scores from other Tech strongholds. Hundreds will make Symphony Hall, Nahant and Nantasket bright scenes of excitement. By traffic agreements with the various trunk line associations, the round trip fare has been reduced to 1 3-5 of the single fare.

On the second evening, present indications are that Symphony Hall will be crowded as it never has been at any previous Pops Concert.

A member of the cabinet has accepted the invitation to speak at the grand banquet. This banquet on the last evening is certain to be one of the largest ever held in New England, and will tax the capacity of the hall. The committee is even now assured of over 1,200 men at tables.

The Executive Committee of the Technology Club of Philadelphia has just announced its intention of holding a Second Annual Field Day on the twenty-ninth of this month.

The use of the club house, tennis courts, and golf grounds of the Woodbury Country Club have been secured for the occasion. The star attraction will be the program of stunts and athletic events, which have been prepared by the committee. The class of 1906 has challenged all the rest of the club to a relay race and ball game after which supper will be served to the victors and vanquished by the young ladies of Woodbury. In the evening there will be dancing and Tech songs.

This is an excellent opportunity for warming up for the ground this year. Notices have been sent to all the members of the club. A large attendance is expected.

MUSICAL CLUBS ELECT

At a recent meeting of the Musical Clubs the following officers were elected for next year: President, W. D. Richardson 1910; Vice-President, R. W. Bush 1910; Secretary, P. L. Caldwell 1911; General manager, W. W. Warner 1911; Assistant General Manager, J. S. Martin 1912; Leader of the Glee Club, W. Gram 1909; Manager, P. W. Brush 1910; Leader of the Mandolin Club, J. W. Northrup, Jr., 1910; Manager, W. S. Partridge 19912.

Have you begun yet on the midnight oil?

The entertainment committee is to be commended for its action in getting up an entertainment for the visitors from other colleges who will be here for the track meet this week . An event of this kind is sure to foster good feeling among the colleges, and gives men from all parts of New England an opportunity for getting acquainted. The committee has arranged a novel program ,and leaves it to the men at Technology to give their guests the most enjoyable time of their visit.

It is too late now for Tech men to complain because the chances of winning the intercollegiates this year have practically disappeared. The only thing left to be done is to support the team that has been developed in spite of many handicaps and the unusual apathy of the student body. Coach Kanaly has done a lot of hard work getting the men in shape, and Capt. Gram has a team of Tech men who are true to the heart and will put up one of the gamest fights for the intercollegiates that ever happened. But they will need encouragement to be able to do their best. They will do their best work if the grand stand and bleachers are full of loyal, noisy, enthusiastic Tech men who will fill the air with Tech songs and cheers, and let the team know how the fellows really care. Get out and put this season through to the most successful issue possible, and leave next year's chances for later.

"See the statement on page 5 and 6 in regard to means of procuring these books and in regard to inexpensive editions of them."—From the Summer Reading List.

Of all the delicious bits of irony that have cropped out during the year the above quotation embodies one of the choicest. A saving of $3.45 is at least a matter of passing interest to the average Tech man. Motley's "Dutch Republic" can be purchased complete in the Everyman's edition for $1.05. The "inexpensive" edition costs $4.50. Other discrepancies, simi'ar but not so marked, are to be distinguished. It should be the aim of the faculty to induce the men, if possible, to become the owners as well as readers of these books. Neat, well gotten up and well-printed volumes costing 35 cents are far more likely to be purchased by the majority than are the better appearing but more expensive copies.

COMPANY "A" DINNER

Winning Company Dines Saturday Evening at 8 in Union

Company A, the winning company in the battalion prize drill, will have its dinner Saturday evening at eight o'clock in the Union. Maj. Wheeler and Maj. Bigelow will be present and are expected to speak. The arrangements for the dinner are in charge of Adjt. J. A. Herlehy 1911, the chairman of the prize drill committee. The officers and non-commissioned officers of Co. A, who were responsible for its success and who will probably be at the dinner are Capt. C. S. Anderson 1911; First Lieut. L. R. Golden 1911; Second Lieut. A. R. Davis 1912; First Sergt. H. D. Kemp; Seergeants P. W. Dalrymple, W. W. Lang, J. S. Selfredge and J. A. Boyer; Corps. H. I. Johnson, B. S. Silverman, R. B. Stone, H. W. Codding and T. B. Prouty, all the non-commissioned officers being 1912. First Sergeant Kemp also won the individual competive drill.

This dinner is an annual feature given to the winning company by the prize drill committee from the profits from the interscholastic prize drill. This is the last dinner that men from 1912 will have as freshmen, and every member of the company should attend as the dinner can be made a complete success only by a full attendance.
